

EAFP Annual Conference 2009

New Issues in Postgraduate/  
Post-registration Pharmacy Education

**Continuing Professional  
Development (CPD)**

## Continuing education

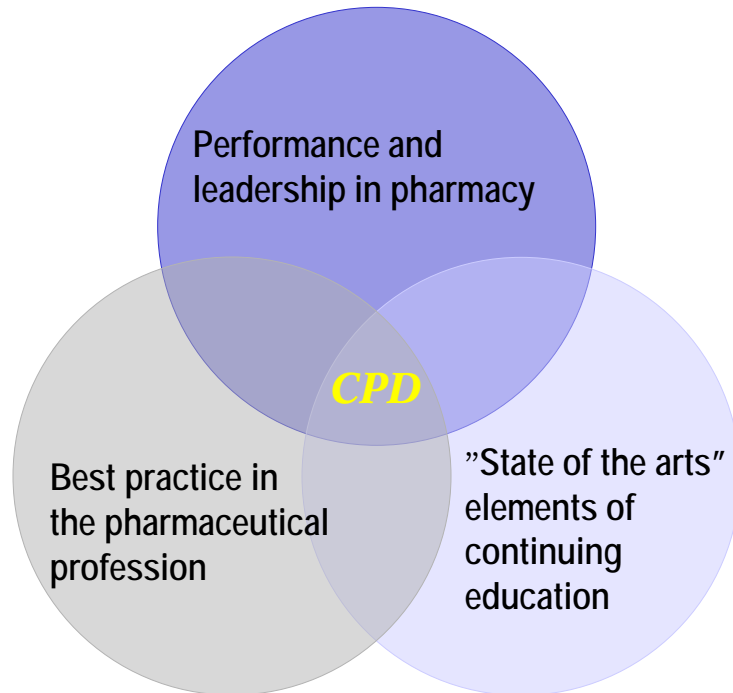

A structured process of education designed or intended to support the continuous development of pharmacists to maintain and enhance their professional competence. Continuing education should promote problem-solving and critical thinking and be applicable to the practice of pharmacy

## Continuing Professional Development

A self-directed, ongoing, systematic and outcomes-focused approach to learning and professional development. CPD includes but goes beyond CE.

## Life long learning

All learning activity undertaken throughout life, with the aim of improving knowledge, skills and competence, within a personal, civic, social and/or employment-related perspective.

# Program of the session

**Continuing education for pharmacists – from a health authority perspective Italy**

**Continuing education for community pharmacists in Denmark - the case of Master of drug management**

**Continuing pharmaceutical education and certificate programs in pharmacy – The US experience**
